About the College:

VPC is one of the pioneered institutions in the region of Telangana with an objective to provide a good pharmacy education and to meet the needs of present day healthcare system where a pharmacist has to play important role in the society. To impart the professional course in an effective way, the institution is located at a peaceful locality away from busy, noisy and pollution free atmosphere. Our campus is well equipped with a wide range of facilities that make life on campus comfortable and fulfilling. Campus life is vibrant and engaging. The four year course of B. Pharmacy aims of making pharmacy graduates well-versed in all aspects of pharmacy profession which includes manufacturing, dispensing, storing and handling of medicines with care.

About the Programme

Recent advances in drug delivery systems and New technologies enhance drug absorption, efficacy, and patient experience. When combined with appropriate targeting moieties, drug-coated nanoparticles, drug-encapsulating liposomes and nanotubes, and tree-like dendrimers enable organ and tissue targeting. This program was designed to improve the knowledge on the area of novel drug delivery systems and technology.

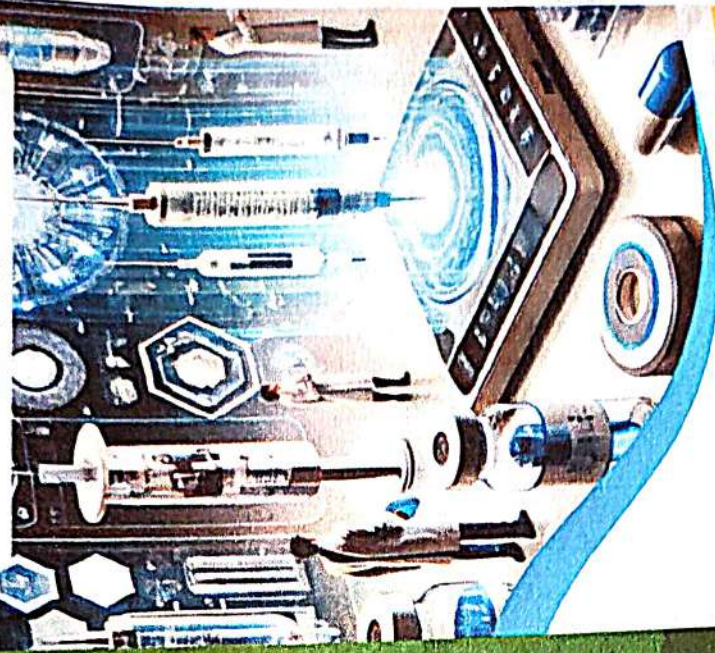

1. Principle & approaches for development of various advanced drug delivery systems
2. Criteria for selection of drugs and polymers for the development of novel drug delivery systems, their formulation and evaluation
3. Various new technology used in Pharmaceutical industries

RECENT ADVANCES IN DRUG DELIVERY SYSTEMS AND NEW TECHNOLOGIES

SESSION	TITLE	DURATION
1	Advanced Drug delivery systems: Introduction, evolution, significance of ADDS, and their applications	3 hrs
2	Nanopharmaceutucals: Evolution of Nanomaterials and Nanopharmaceuticals and Significance of Nanopharmaceuticals like Nano emulsions, Nano suspensions, Nanoparticles, Nanogels, Nanocarrier systems and their evaluation.	3 hrs
3	Transdermal drug delivery systems: Introduction, advantages, disadvantages, principle, concepts, formulation, and evaluation of TDDS. Iontophoresis and its principle.	3 hrs
4	GRDDS: Gastro-Retentive Drug Delivery Systems Principle, concepts advantages and disadvantages, Modulation of GI transit time approaches to extend GI transit. Methods of formulation and its evaluations.	3 hrs
5.	Nasopumonary drug delivery systems: Introduction, Anatomy and Physiological barriers, Mechanisms and pathways, Drug delivery systems like MDIs, DPIs.	3 hrs
6.	Dug targeting and drug carrier systems targeted to widely dispersed cells: Levels of drug targeting, different carriers used to target cells, Delivery to macrophages, Delivery to lymphoid cells, Delivery to lysosomal storage diseases.	3 hrs
7	Basic requirements and in design, facility, advanced equipments for production of Tablets, Liquid orals, Semisolids.	3 hrs
8	Recent advances in manufacturing and filling machines for hard gelatin and soft gelatin capsules.	3 hrs
9	Advances in tablet production: Tablet production process, advances in unit operations, newer granulation, and pelletisation techniques.	3 hrs
10	Technology transfer and scale up techniques: Technology transfer from R&D to pilot plant to plant scale, process scale up for tablets and capsules	3 hrs
11	Industrial sterilization: Large-scale sterilization processes, process selection, specifications, development and validation of process and equipment.	3 hrs
12	Packaging Technology: Types of packaging materials, machinery, labeling and package printing for different dosage forms.	3 hrs

Vaagdevi Pharmacy College organized an add on program on Recent advances in drug delivery systems and New technologies for M. Pharmacy 1 & 3 Semester students by Mr. R. Shiva Kumar, Associate Professor, Department of Pharmaceutics and Dr. B. Chandra Shekar Reddy, Associate Professor, Department of Pharmaceutics from 13th to 30th November, 2023. This program was designed to impart the knowledge on formulation and evaluation of recent advances in drug delivery systems and recent techniques in the drug development. Totally 65 students participated in this training program. All the students actively participated. Upon completion of the program the students were able to understand the following objectives and learning outcomes.

Principal
Vaagdevi Pharmacy College
Bullikunta, Warangal-506005 (T.S)

Viswambhara Educational Society
VAAGDEVI PHARMACY COLLEGE
AUTONOMOUS

Accredited by NAAC WITH 'A' Grade, Certified by ISO 21001 : 2018
Approved by PCI-New Delhi & Affiliated to JNTU, Hyderabad
KHAMMAM ROAD, BOLLIKUNTA, KHILA WARANGAL (MANDAL), WARANGAL - 506005, TELANGANA STATE

Objectives

- Understand the criteria for selection of drugs and polymers for the development of novel drug delivery systems, their Formulation and evaluation.
- Understand the formulation and evaluation of novel drug delivery systems.
- Understand the principle involved in formulation of various advanced drug delivery systems.
- Understand various approaches for development of novel drug delivery systems.
- Understand various new technologies used in pharmaceutical industries.

Learning Outcomes

- Formulate Gastro-Retentive drug delivery systems, Floating micro balloons, Magnetic drug delivery systems and evaluate them for their quality.
- Know the Pilot Plant Scale Up Techniques.
- Know the formulation aspects of different advanced drug delivery systems.
- Know various considerations in development of advanced drug delivery systems.
- Know the various new technologies used in pharmaceutical industries.

This program was very much informative to the students and their feedback was positive about the program. The management and Dr. G. Kamal Yadav, Principal of VPC thanked the resource persons Dr. B. Chandra Shekar Reddy, Mr. R. Shiva Kumar, and participants for making the program successful.

ABOUT THE COLLEGE:

VPC is one of the pioneered institutions in the region of Telangana with an objective to provide a good pharmacy education and to meet the needs of present day healthcare system where a pharmacist has to play important role in the society. To impart the professional course in an effective way, the institution is located at a peaceful locality away from busy, noisy and pollution free atmosphere. Our campus is well equipped with a wide range of facilities that make life on campus comfortable and fulfilling. Campus life is vibrant and engaging. The four year course of B. Pharmacy aims of making pharmacy graduates well-versed in all aspects of pharmacy profession which includes manufacturing, dispensing, storing and handling of medicines with care.

BRIEF ABOUT PROGRAM:

The primary function of the program is to provide/dispense medication to patients for the highest quality and services consistent with accepted ethical, legal and professional practices. Proficiency in healthcare ready to pursue new opportunities while achieving personal and professional growth. Eager and adaptable pharmacy technician with strong customer service skills looking to pursue new opportunities in hospital or similarly large scale pharmacy environment.

PATIENT COUNSELING IN PATIENTS WITH DIFFERENT DISEASES

25th March to 24th April, 2024

About the Programme

Patient counseling is an essential aspect of healthcare that involves guiding and supporting patients to understand their medical conditions, treatment plans, and lifestyle changes. This process helps empower patients to make informed decisions about their health, adhere to prescribed therapies, and improve their overall well-being. Counseling is especially important for patients with chronic or complex diseases where treatment requires careful management, lifestyle changes, and regular monitoring.

Scientific Literature Review

03rd to 25th July, 2023

About the College:

VPC is one of the pioneered institutions in the region of Telangana with an objective to provide a good pharmacy education and to meet the needs of present day healthcare system where a pharmacist has to play important role in the society. To impart the professional course in an effective way, the institution is located at a peaceful locality away from busy, noisy and pollution free atmosphere. Our campus is well equipped with a wide range of facilities that make life on campus comfortable and fulfilling. Campus life is vibrant and engaging. The four year course of B. Pharmacy aims of making pharmacy graduates well-versed in all aspects of pharmacy profession which includes manufacturing, dispensing, storing and handling of medicines with care.

About the Program:

A scientific literature review is a comprehensive survey of research studies, articles, and scholarly papers that are relevant to a specific topic, research question, or field of study. Its primary purpose is to summarize and critically evaluate existing knowledge, identify trends, gaps, and inconsistencies in the research, and establish a theoretical framework for further investigation. A well-conducted literature review not only provides an overview of what is already known but also highlights areas where further research is needed. It often involves synthesizing findings from multiple studies, comparing methodologies, results, and conclusions, and situating the current research within the broader scientific context. In addition, a literature review helps researchers refine their hypotheses, design their own studies, and justify their research by building on the work of others. It also serves as a valuable resource for other scholars, enabling them to stay informed about the latest developments in the field. Effective reviews are structured logically, using clear criteria for including and excluding studies, and are critical for advancing knowledge in any scientific discipline.

REPORT

Name of the Program: Scientific Literature Review

Duration: 03rd to 25th July, 2023

Vaagdevi Pharmacy College, Bollikunta, Warangal organized an add on program on Scientific Literature Review for Pharm D V Year students by Dr. B. Chandrashekar Reddy, Head Department of Pharmaceutics & Dr. T. Ravi Chander, Head Department of Pharmacy Practice from 03rd to 25th July, 2023. This program was designed to impart knowledge on how to search literature review using various networking sites. A Total of 18 students participated in this course certificate program. All the students participated actively with full attendance percentage. After the completion of the program students were able to understand the following concepts & objectives.

Outcome

- Understood how to search literature via Scopus, Web of Science, PubMed using various keywords and MeSH terms.
- Understood various types of literature reviews and how to communicate them to various journals.

About College:

VPC is one of the pioneered institutions in the region of Telangana with an objective to provide a good pharmacy education and to meet the needs of present day healthcare system where a pharmacist has to play important role in the society. To impart the professional course in an effective way, the institution is located at a peaceful locality away from busy, noisy and pollution free atmosphere. Our campus is well equipped with a wide range of facilities that make life on campus comfortable and fulfilling. Campus life is vibrant and engaging. The four year course of B. Pharmacy aims of making pharmacy graduates well-versed in all aspects of pharmacy profession which includes manufacturing, dispensing, storing and handling of medicines with care.

PROGRAMME OBJECTIVES:

Research design is needed because it facilitates the smooth sailing of the various research operations, thereby making research as efficient as possible yielding maximal information with minimal expenditure of effort, time and money.

1. Critical steps for successful research.
2. Research and publication ethics.
3. Assessment of research findings in scientific journal

Vaagdevi Pharmacy College, Bollikunta, Warangal, organized an add on program on Research Design, Execution & Publication for B. Pharmacy IV Year and Pharm D VI Year students by the faculty members Dr. T. Ravi Chander, Department of Pharmacy Practice and Dr. M. Sandeep Goud, Department of Pharmacy Practice from 12th February to 29th February, 2024. Totally 95 students participated in this training program. All the students were active and upon completion of the program they were able to understand the following objectives and learning outcomes.

Objectives:

- To assist participants to develop a research or study protocol, and communicate those research findings in a conference setting or scientific journal.
- To know critical steps for successful research.
- To know research and publication ethics.

Learning outcomes:

- Sequential steps in developing a study protocol, from choosing a research topic to developing research questions and a hypothesis.
- Writing and understanding the components of a research paper (IMRaD).
- Statistical analysis in biomedical research.
- Evidence-based discussion in a research paper

This program was very much informative to the students and their feedback was positive about the program. The management and Dr. G. Kamal Yadav, Principal of VPC thanked the resource persons Dr. T. Ravi Chander, Dr. M. Sandeep Goud and participants for making the program successful.

Date: 11-01-2024

CIRCULAR

This is to inform B Pharm III, Pharm-D III Year, students will have an add on program classes on "Scientific Approaches to Analytical Method Development and Validation" from 16-01-24 to 31-01-24 regularly.

Hence all the students who are enrolled in to the above course are instructed to attend the classes without fail.

Scientific Approaches to Analytical Method Development and Validation

PROGRAMME SCHEDULE : 16th to 31st January, 2024

ABOUT THE PROGRAMME :

This program introduces the schematics of Methods Development and Validation with a grassroots, conceptual standpoint, based on scientific rationale and a Method by Design approach. The aim is to lead the audience to the understanding, basic elements of analytical method, with a focus on Quality. At the outset, it implores the analytical chemist to grasp an Analytical Method as a process of measurement.

Programme Objectives:

1. To get knowledge about development and optimization of chromatographic methods.
2. Study about importance of system suitability parameters in chromatographic methods.
3. To get up to date with the ICH and US FDA guidelines for the analytical method validation parameters.

About College:

VPC is one of the premier institutions in the region of Telangana with an objective to provide a good pharmacy education and to meet the needs of present day healthcare system where a pharmacist has to play important role in the society. To impart the professional course in an effective way, the institution is located at a peaceful locality away from busy, noisy and pollution free atmosphere. Our campus is well equipped with a wide range of facilities that make life on campus comfortable and fulfilling. Campus life is vibrant and engaging. The four year course of B. Pharmacy aims of making pharmacy graduates well-versed in all aspects of pharmacy profession which includes manufacturing, dispensing, storing and handling of medicines with care.

Scientific Approaches to Analytical Method Development and Validation

SESSION	TITLE	DURATION
1.	ICH Guidelines: <ul style="list-style-type: none">• Overview of ICH Guidelines• Stability Guidelines• GMP Guidelines for Pharmaceuticals	3 hrs
2	System Suitability Parameters For HPLC Method Development <ul style="list-style-type: none">• System Suitability Test• Resolution.• Retention time.• Pressure.• Column efficiency.• Repeatability.• Plate Number.• Tailing factor.• Signal-to-noise ratio.	3 hrs
3.	Analytical Method Validation Parameters (ICH Q2B Guidelines) <ul style="list-style-type: none">• Specificity• Linearity• Quantitation limit• Detection limit• Range• Accuracy• Precision--Repeatability• Intermediate Precision-- Reproducibility• Robustness	3 hrs
4.	Trouble Shooting of HPLC <ul style="list-style-type: none">• Peak Shape• Retention Variation• Ghost Peaks• Column Back Pressure• Column Care	3 hrs
5.	Impurity Profiling <ul style="list-style-type: none">• Introduction• Classification of impurities in API• Impurities present in formulation• Identification of impurities	3 hrs
6.	Stability Indicating Methods Under Q1b Guidelines <ul style="list-style-type: none">• Introduction• Role Of QA In SIM• General Principle• Photo stability Testing Of New Drug Substances And Products• Techniques Engaged In Literature Data For The Development Of SIAMS• Steps Involved During The Development Of Stability-Indicating Analytical Methods (SIAMS)• Force Degradation Studies /Stress Testing Studies• Analytical Method Validation Process	3 hrs

Vaagdevi Pharmacy College, Bollikunta, Warangal, organized a add on program on Scientific Approaches to Analytical Method Development and Validation Activities for M. Pharmacy 2nd and 4th Semester students by Dr. Ch. Mahesh, Associate Professor, Department of Pharmaceutical Analysis and Mr. K. Anil Yadav, Associate Professor, Department of Pharmaceutical Analysis from 16-01-24 to 31-01-24. This program covered the following objectives and learning outcomes.

Objectives

- To get knowledge about development and optimization of chromatographic methods.
- Study about importance of system suitability parameters in chromatographic methods.
- To get up to date with the ICH and USFDA guidelines for the analytical method validation parameters.

About the College:

VPC is one of the pioneered institutions in the region of Telangana with an objective to provide a good pharmacy education and to meet the needs of present day healthcare system where a pharmacist has to play important role in the society. To impart the professional course in an effective way, the institution is located at a peaceful locality away from busy, noisy and pollution free atmosphere. Our campus is well equipped with a wide range of facilities that make life on campus comfortable and fulfilling. Campus life is vibrant and engaging. The four year course of B. Pharmacy aims of making pharmacy graduates well-versed in all aspects of pharmacy profession which includes manufacturing, dispensing, storing and handling of medicines with care.

Introduction to (IPR):

Intellectual Property Rights (IPR) plays a vital role in enhancing the socio-economic prosperity of the country. Creativity and innovations are new drivers of the world economy. With the increasing relevance of Intellectual Property in this era of globalization, it is important to recognize the role which Intellectual Property systems play in the growth of the Nation. Thus, there is a need to create large public awareness about the pivotal role of IPR in globalized knowledge economy with the view to create awareness on the significance of IPR to the people from various sectors in the country. Department of Pharmaceutics, Vaagdevi Pharmacy College is organizing 30 hours Certificate course on "Intellectual Property Rights".

Programme Objective:

The objective of this certificate program is to impart greater awareness about the issue of Intellectual Property Rights (IPR), which has gained a special importance for all the domains of socio-economic development. It aids to understand of patentability criteria in details and viable aspect of the patent. Also, the patent system and the possible patent routes will be explained in more detail. This program involves invited lectures by distinguished legal experts in the field of drafting of patent specifications, filing of patents, Copyrights and Trademarks etc.

Patent Filling:

A patent is a document or legal certificate given for protecting a design, utility or innovation, which comes under the broad umbrella of IPRs. Patent drafting: Distinctly identifying the invention in exact terms and understanding the specification of the invention. The course will cover the fundamental principles of patent drafting and discuss in detail the concepts in patent law & IPR.

- 1.Vital concepts of intellectual property.
- 2.Importance of Patents in the knowledge economy
- 3.Tricks & tips to describe an invention in a patent application.

Vaagdevi Pharmacy College, Bollikunta, Warangal, organized an add-on program on IPR, Patent Drafting, Filling & Processing for M. Pharmacy students by Dr. P. Srikanth, Associate Professor, Department of Pharmaceutics, Dr. Farmiza Begum, Associate Professor, Department of Pharmacology from 05th to 22nd Aug, 2024. This program was designed to educate the students about the advanced information of the said topic in addition to regular curriculum. Totally 61 students participated in this program. Upon completion of the course the students were able to understand the following objectives and learning outcomes.

Objectives:

- To understand the vital concepts of intellectual property.
- To know the various types of intellectual property rights.
- To know the process of search and filing of patents.
- To acquire the preliminary skills of patent drafting.
- To obtain knowledge about patents.

Learning outcomes:

- Understand the procedures to convert the research outcome into patents.
- Impart greater awareness about the issue of IPRs.
- Understand patent drafting and commercialization of research work.
- This program was very much informative to the students and their feedback was positive about the program. The management and Dr. G. Kamal Yadav, Principal of VPC thanked Dr. P. Srikanth and Dr. Farmiza Begum for their efforts in providing the additional knowledge to students.
