REPORT ON NATIONAL DEWORMING PROGRAMME

The National Deworming Programme was successfully conducted at VPC on 3rd August 2023. The programme aimed to raise awareness about the importance of deworming and provide access to deworming tablets for students, faculty, and non-teaching staff to promote overall health and well-being. Under the coordination of NSS Programme Officer (PO)-In-Charge, Mr. A. Nagaraju, B.Pharm, and with the active involvement of Pharm.D 1st-year students, the event witnessed enthusiastic participation from all sections of the college. A total of 200 deworming tablets were distributed during the programme, covering students, teaching staff, and non-teaching staff.

The event began with an awareness session highlighting the benefits of deworming, the symptoms caused by worm infections, and the necessity of regular deworming to maintain good health. Participants were also educated about the correct way to take the tablets and potential side effects to ensure safe usage. The programme provided an opportunity for Pharm.D students to engage in community outreach and healthcare awareness activities, fostering a sense of responsibility towards public health. Their efforts in organizing, coordinating, and interacting with participants contributed significantly to the programme's success.

This initiative aligns with the objectives of the National Deworming Programme to eliminate worm infections as a public health problem and improve the nutritional and educational outcomes of beneficiaries. The programme concluded with positive feedback from participants, who expressed appreciation for the college's efforts to promote health awareness and provide preventive care measures. Report on A Three-Day Training Program on Medical Coding

Vaagdevi Pharmacy College organized a three-day training program on medical coding and billing from 23rd November to 25th November, conducted by the Telangana Academy for Skill and Knowledge (TASK). This program saw the participation of 59 students from the 4th year of the B. Pharmacy course. The training aimed to equip students with essential skills related to medical coding and billing, which are critical components of the healthcare industry. Throughout the program, students learned about various aspects of medical coding, including the classification of diseases and procedures, as well as the billing processes involved in healthcare services. The program commenced with an inspiring speech by Ramakrishna Garu, the Regional Manager of TASK. He emphasized the importance of skill development and how training in medical coding and billing can enhance the employability of pharmacy graduates in the healthcare sector. Overall, the training program provided valuable insights and practical knowledge to the students, preparing them for future careers in medical coding and billing. The initiative by Vaagdevi Pharmacy College and TASK was a significant step toward bridging the gap between education and industry requirements in the field of pharmacy.
