VISION

- It is our motive towards academic excellence in pharmaceutical education to impart best knowledge and practical skills to young pharmacy professionals who can contribute to the requirement of Healthcare system.

Mission

- Committed to create best infrastructure for the quality Pharmacy Education and Practices for Students to be competent globally.
- To collaborate with the best organizations in the field of pharmacy to train and develop good employees and entrepreneurs.
- Enhance the quality in terms of academics and advanced research.

Goals & Objectives

- Expand and implement definite, scheduled improvements
- Establish a solid administrative structure and a good governance system.

Reflection of Mission and Vision in the leadership of institute Policy and Planning:

Through meetings with functional committees, the Principal and department heads review the results of the implementation of action plans, and if necessary, they make changes to the action plans as needed. The Principal conducts meetings with all stakeholders and receives inputs, together with IQAC formulates policies as per the requirement.

Interaction with stakeholders and faculty:

The principal makes sure that everyone is involved in various activities. Faculty members actively participate in numerous committees and cells to help with decision-making, plan implementation, and developing long-term, strategic plans for future initiatives.

Academic and Administrative bodies:

The governing body is made up of distinguished administrators, academicians, industrialists, and university nominee who create the rules and guidelines for academic and administrative activities in line with the institute's vision and mission statements.
