7.1.8 Describe the Institutional efforts/initiatives in providing an inclusive environment i.e., tolerance and harmony towards cultural, regional, linguistic, communal socioeconomic and other diversities

Response:

Vaagdevi Pharmacy College in Bollikunta, Warangal, makes strenuous attempts to create an inclusive atmosphere. The activities aim to improve education, provide economic assistance to the poor, and embrace communal unity.

Vaagdevi Pharmacy College, as a non-minority institution, aims to give equitable access to opportunities on a variety of levels, including its admissions policy, which accepts students from a variety of cultures. All festivals are celebrated with similar enthusiasm, including Diwali, Bathukamma, Dussehra, Ganesh Chaturthi, Muharram, and Christmas.

The institution also hosts various cultural events to highlight India's diverse culture. Students of different regional and cultural backgrounds perform regional or cultural folk songs and dances in such programmes. These cultural activities are held at various levels, such as departments and colleges, and on various holidays, such as Independence Day and Republic Day. Aside from the yearly cultural event, students arrange cultural and sporting activities to accommodate linguistic variety. In addition, all student-related contests, such as Essay Writing, Debate, and Declamations, are held.

The Institute's numerous segments offer seminars, workshops, and awareness campaigns to promote social harmony and tolerance. Among the activities that are done and executed are the Essay Writing Competition, Patriotic Song Singing Competition, Lectures by Eminent Personalities, and Mass recitation of the National Anthem by all students.

Vaagdevi Pharmacy College has chosen two villages in the Warangal region and is conducting efforts to help them improve socioeconomically. The Institute has held lectures to raise environmental and ethical awareness in these communities. In order to maintain a healthy environment, the Institute has also planted numerous plants in these localities.
